

MAN & MACHINE presents

Slim Cool LP

Extremely slim medical keyboard

Space constraints are no obstacle to infection control. Our hygienic white Slim Cool LP keyboard is fully sealed, seamless and long term resistant to deaning with surface disinfectants.

Thanks to its Tru Lock locking mechanism, one touch is all it takes to prevent unwanted commands or seen gibberish during a clean. The USB cable can stay connected. We understand that cleaning can go beyond a quick wipe.

You can go ahead and submerge our medical keyboards for a thorough cleaning. Our medical keyboards comply with the industry standards for your electrical and operational safety. All of this without compromising usability.

7 Requirements for a Medical Grade Keyboard

- Fully sealed
- Cleanable
- Hygienic white
- Lockable
- Easy to use
- Electrically safe
- No drop hazard

The SlimCool LP keyboard is widely praised for its unparalleled typing comfort.
