

# e-medical™ Mouse pad

## Disinfectable. Ultra-thin.

The hygienic, disinfectable e-medical™ mouse pad is ideal for medical environments such as treatment rooms at dentists, doctors, clinics, hospitals and medical facilities and all office environments where cleanliness is important. It can be cleaned with water, soap, commercial disinfectants or 10% bleach. The ultra-thin mouse pads are made of latex-free silicone and are compatible with all of our medical mice.
